TO ALL ORGANIZATIONS:

It is a pleasure to extend the use of our school fields and/or school facilities to you and your organization. In turn, we ask you to be attentive to our needs and concerns. Therefore, please observe all rules and regulations specified by the Board of Education. Each organization granted permission to use New Hyde Park-Garden City Park School District facilities or fields is responsible for providing **adequate supervision** to ensure the safety of people and property. Please **leave the premises clean** so that they will be ready for children's use the next morning. In addition, **for organizations using the indoor facilities, this permit must be shown to the custodians of the building upon entry the day of the activity. Children may not enter the building without an accompanying adult.** Finally, please note: **Active supervision must be provided to children who leave the permit area for any reason; e.g., to use public phones or bathrooms.**

Thank you for your attention to these matters and enjoy the use of our school facilities and/or grounds.

Robert W. Katulak
Superintendent, New Hyde Park-Garden City Park

cc: School, Head Custodian, Dir. of Facilities, B. Stoehr, File

Facility Permit Form
